Quick Take: Nicole Miller from [L'Amey America](#) has expanded its YourFit larger frame size collection with the addition of Nicole Miller YourFit Jeweled.

Specifics: Four new jeweled styles that were inspired by Nicole Miller's embellished dresses. Stand out frame details include subtle stones, both colored and clear, that add a touch of glam to the modern styling. These new styles come in enhanced sizes for the woman requiring a larger size frame.

Selling Points: Nicole Miller Garnet acetate frame was inspired by Miller's dress collection. This style features small inset stones along the temple and add subtle sparkle to this feminine silhouette. Nicole Miller Jaida acetate frame is a modern rectangle that pairs a rich color front with an umbre colored temple featuring a crisscross pattern along with inset stones. The Nicole Miller Jett acetate style is elevated with an edgy metal studded rectangle and stones on the temple. Metal studding comes in gold or gunmetal. The Nicole Miller Margot is a semi-rimless metal frame. This style, a modern cat eye, features a raised dot pattern embellished with inset stones on the front as well as on the temple.
