L'Amey America's Nicole Miller Bows New YourFit Titanium Styles

By Staff

Thursday, July 12, 2018 12:08 AM

Nicole Miller from L'Amey America has expanded its YourFit Titanium collection with the addition of two new styles. With features such as thin profiles, lightweight design and on trend shapes these looks garner all of the benefits of titanium. The ultra-modern Nicole Miller Bushwick frame features a trendy feminine silhouette with a signature edgy raised diamond temple pattern that transitions to a complementary multicolored tortoise temple. The Nicole Miller Jackson titanium frame is an easy to wear model featuring a rectangular silhouette coupled with a contemporary braided temple studded with dots that transition to matching multicolored acetate temple tips. www.lamyamerica.com
