## NICOLE MILLER RUNWAY L'Amey America

L'Amey America launches its limited edition Nicole Miller Runway collection. Consisting of four optical and four sunglass styles, frames are inspired by Miller's French heritage and are named after specific French regions. Style Bretagne is an oversized CatEye optical style featuring clear or black stones studded along the brow line for a dramatic yet feminine finish. Optical style Auvergne is another CatEye frame with three bezel set leaf stones on the front that create an alluring effect. Style Normandy is an aviator sunglasses that emits Miller's tough-girl chic with a cutout metal overlay on the frame front with raised pyramid studs.
