Add a new pair of glasses to your child's back-to-school list with these fun and endearing eyewear styles. *—Victoria Garcia*

AWESOME ADJUSTMENTS

Hilco Vision introduces the new Leader ProX Sports Goggle. This frame is Rxable and features a temple release button that quickly changes the temples to a strap-adapt with the push of a button. Leader's V-Port technology is also featured on the frame, allowing for an expanded viewing field and venting for reduced lens fogging.

A TOUCH OF GLAM

Lafont adds new styles to its children's collection. Optical style Entrechats is a subtle CatEye frame with an intricate plaid detail on the frame front in red and silver for a youthful yet enchanting look.

COLORFULLY COOL

ImageWear adds fun and colorful styles to its My Little Pony children's collection. Style Tank features a purple crystal front with a rainbow glitter acetate on the temples, adding an exciting bit of flair.
